

COMMUNITY HEALTH MOVEMENT

“WASHBASIN FOR INDONESIA”

About us

AHLEI Community is the Indonesian community that get together as graduated from The American Hotel & Lodging Educational Institute (AHLEI). AHLEI has been serving the training and professional development needs of hospitality industry professionals for more than 65 years.

A community where the Hospitality Academic and the industry professional get together.

Health Movement

The health movement program is part of our concern from epidemic of Covid-19 as we realize on the limitation on public facilities for the most important step to maintain and reduce the virus impact to our body which is hand washing.

Therefore we get together in this movement the washbasin facilities for public.

We coordinate, collecting and providing the washbasin to be set up in public area within Bali area. Our target area will be local market, public area such as park and most visited area such as Tourist destination area, schools, and many necessary area.

How to join our movement

01

You could join us by giving the donation to funding us to provide as many as washbasin facilities that we can set up in the public area.

02

You may donate one or two or..
more...washbasin facilities

03

or simple donate any fund to us to run and execute the program
